

Know where to throw

Keep our recycling clean!

Your effort supports U-M's waste reduction goal:

Reduce landfill waste by 40% by 2025

Recycling companies sometimes reject materials that are too contaminated to make new products. Let's ensure our recycling is usable!

These items **CANNOT** be recycled at U-M:

Plastic Bags

Damage the machines

Coffee Cups

No local market

Napkins & Paper Towels

Fibers are too short to be reused
