

INTRODUCING A ZERO WASTE EVENT:

- A zero waste event aims to divert as much waste as possible away from landfill.
- Everything at today's event can go in our compost bin [point to bin], including plates, cups, napkins, utensils, and any food waste.
- Except for... [list off any exceptions you have like condiment or sweetener packets, drink cans, etc.]. Anything you brought in please landfill unless you are sure it is compostable.
- Thank you for helping us meet U-M's sustainability goal of reducing waste sent to landfills by 40%!

Compostable (not pictured: any food waste & napkins/paper towels)

Not compostable:
